M&A Shadow Z14

M&A Shadow Z14

**Windows Version
Part# MA200014**

The Shadow Z14 provides the best of mobility, value and performance in a durable thin & light form factor. Built on the latest Intel® Core™ i series processors platform, the Shadow Z14 is packed with practical features that enables a complete mobile computing life style. The bright 14" LED backlit display provides all day view-ability, boasting a modern 16:9 aspect HD LCD display. Stay well connected with an HDMI port and both WiFi and Gigabit networkability, or use the built-in camera for enhanced, personal learning and communications. The user friendly TrackPad provides for multi-finger use and the comfortable keyboard makes typing user friendly.

Designed to provide an optimal balance of carry weight and features, the Shadow Z14 also is a stylish advanced technology notebook completely backed up by superior customer service from M&A.
